

From page 4

It's hard to grasp the difference in the driving experience, so it's best just to go out and try one. Why not ask your parents to visit a showroom and take you for a test drive in an electric vehicle? Then you'll understand why they are clearly an evolution in our transport technology.

Next week we look at how all this clean technology comes together to drive a clean energy and transport future for SA.

Questions:

1. What does zero emissions mean?
 2. Which South African co-founded the company Tesla?
 3. True or false: The Tesla P100D electric sedan is the fastest production car in the world.
 4. How far can the Tesla P100D travel on one charge?
 5. What is the method of braking in which energy is extracted to be stored and reused?
 6. True or false: Electric vehicles can't be charged in a normal plug point at home.
 7. Name two manufacturers of electric cars in South Africa.
 8. Who is Cape Town's electric scooter wiz?
 9. True or false: Electric vehicles have been around since early 1900s.
 10. Give two reasons why electric vehicles are becoming popular.
- See answers on page 10.

What's On

Costa Concordia lecture

The Friends of South African Museum will have South African marine salvage master Nick Sloan as speaker at their next lecture on Wednesday August 30, at Iziko South African Museum, 25 Queen Victoria Street, Cape Town, at 6pm. Mr Sloan was called in by Titan Salvage to head up the operation of righting the cruise liner, the Costa Concordia which capsized on the rocks of the island of Giglio in 2012. Members enter free on presentation of a valid 2017 membership card, non-members pay R30. For more information, call 021 481 3913 (Wednesdays and Fridays only).
